Misterton Primary and Nursery School

A Take Care School "Learning together, Achieving together"

"My child has been encouraged to achieve their own individual potential in a nurturing environment." -Parent

Children learning through a curriculum that is fun and deepens memory.

“Leaders have developed a curriculum that is ambitious for all pupils” -Ofsted

Children produce ‘Take Care’ work with a ‘Bee Exceptional’ approach.

We have high aspirations for our children and this comes through an ambitious, vocabulary rich National Curriculum where we embed sequenced skills, knowledge and understanding. Beyond this, our children engage in the shaping of the curriculum we teach, to motivate and inspire a love of learning.

The school community ensures each child’s wellbeing is nurtured and strengthened to create healthy, kind and respectful citizens for the future. Through this, individuality is nurtured and celebrated.

At Misterton Primary and Nursery School children are at the heart of all we do.

Our local position in context is used as a key resource within our curriculum as a base to explore the diverse wider world through cultural capital. Safety comes first and our local Fire Fighters and Paramedics teach essential skills to our children.

The children are reflective of when to actively deepen their learning by having aspirations of themselves in order to achieve highly. Through a Growth Mind-set approach, children's resilience and independence prepares them for the transition into the next stage of their learning and the whole child is developed.

Extensive grounds and wonderful facilities.

Wellbeing for everyone who is in our school community has shaped the development of our school grounds and facilities.
Our school dog George adds a homely feel that we all strive for.

At Misterton Primary and Nursery we are incredibly fortunate to be in a building that started life as a secondary school. This has provided us with facilities that other primaries rarely have. Our Early Years provision is purpose built and has safe, large outdoor facilities including a mud kitchen, mini allotment and its very own gravel yard and diggers.

Being a 'Take Care' School, our children are encouraged to take care of the school.
We also teach our children to take care of themselves and each other.

Extensive outdoor areas at Misterton Primary School are accessible for everyone. We have allotments that each class is linked to, trim trail, climbing frame and two large sports pitches that are enjoyed by all.

The sensory garden has raised beds-linked to each class, a pond, log seating reading and storytelling area, stone balancing, large coloured mirrors and lots of treasures to find.

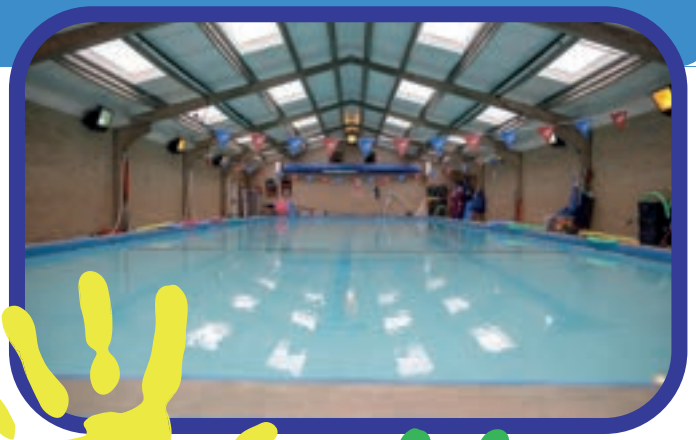

Inside we have a Calm Cabin supporting our THRIVE work, Safe Space for anyone needing some quiet time during lunchtime and for accessing our ELSA practitioner.

Our stage holds creative concerts and performances. Our separate dining area sells snacks and school lunches. A dedicated library supports the local library visits and the classroom reading areas. In progress currently is our art studio.

Breakfast and after school clubs are available in school and are led by our school staffing team.

We are fortunate to have our own swimming pool and our Key Stage 2 children swim every year.

Wider opportunities for inspiring our children's futures.

School day visits and residential trips are shaped through asking our parents about their hopes for these, we take our children to places not easily accessible for families. Through our history curriculum, the different times studies are brought to life with being immersed in a Victorian school or making shields and walking through Viking battles.

Our residentials start with our year 3 children experiencing a night in school with their teaching team and a school sleepover. As they go through Key Stage 2, we have a range of residentials, for example, a night in Sherwood Forest exploring the world of Robin Hood. Our children take a leap of faith at PGL and year 6 stay in Robin Hood's Bay hunting for fossils and hearing the stories of the smugglers.

Through our curriculum where aspirations are discovered through visitors sharing their careers, we not only prepare the children for their next education setting and the world of work, but also what hobbies and interests they may have to keep their wellbeing supported.

"Overall, I enjoyed the Victorian experience. If I could I would do it again. I was chosen to be at the front of the class and he showed us the punishments. He whacked the cane on the board." - Student

All children have responsibilities in their own classes and school council representitives help to develop the school. 'Big Friends' take their responsibilities very seriously and support those new to full time school, helping to keep them safe at playtime and learning independence with lunchtime routines. Misterton Playground Squad make lunchtime fun with varied games that they plan with our lunchtime team.
