Autumn term September 2026 Newsletter.

Dear Parents and Carers,

Your children have done us all proud with their Take Care return to school. They look incredibly smart and are working hard. The learning buzz around school is lovely.

We have shared with the children, the changes and how we are using the new toilet block. We do have EYFS and Y1, Y4, 5 and 6 being able to access inside toilets during the school day. Y1 will use the outside block at lunchtimes and Y2 and 3 will also have these toilets as their main toilets. We are taking children to the toilet as a class to ensure their safety. There is always an adult with sight of the toilets to support the children. The toilets are surrounded by fencing. Please keep us up to date if your child has medical toileting needs, as we will ensure we meet these children's needs. This has worked well so far and we will adjust if needed.

We are working with the children this week with our Relational Policy and practice. The wording of 'child on child assault' will be used to help any child understand that any physical or verbal behaviours towards another child is not acceptable and the seriousness of it. This is in line with our safeguarding training that we all completed this week.

We are also limiting where the children go at lunchtime. This week, more staff are going out to ensure the plans at lunchtime are working for all children and plan for the remaining term. The trees are out of bounds and no one is going onto the field without there are at least 3 adults out and have given permission. Staff will also spread onto the field and playground.

Today's lunchtime was successful and staff were there to support all of the children.

We have also updated our Physical Intervention training. Staff will only use this if a child is in danger or causing danger. Staff will avoid using any physical intervention as much as possible. Parents will always be informed and we record if this intervention is ever used. Hugs are still very welcome.
